## PROFILE

Recent Data Science graduate with strong foundations in Python, SQL, Power BI, and Tableau. Experienced in academic and project-based work involving data cleaning, exploratory data analysis, visualization, and introductory predictive modeling. Currently working at Fiserv in a high-volume production environment, recognized with a “Best of the Best” performance award and trusted to train new machine operators. Actively seeking an entry-level or internship opportunity in data analytics or data science to apply analytical skills and support data-driven decision making.

## EMPLOYMENT HISTORY

❖ **Machine Operator , Fiserv** ..... Jan 2023 — Present  
Omaha

Operate and monitor automated production systems in a regulated, high-volume environment, ensuring accuracy, efficiency, and compliance.

Perform quality control checks and validate production outputs using internal digital systems.

Document production and process data to support performance tracking and issue resolution.

Identify workflow inefficiencies and operational risks, supporting continuous improvement initiatives.

Collaborate with engineering and support teams to troubleshoot system and process issues.

Trained more than four new machine operators, improving onboarding efficiency and operational performance.

Recognized with the “Best of the Best” award for excellence in productivity, quality, and reliability.

## EDUCATION

❖ **Bellevue University** ..... Nov 2025 — Feb 2026  
Bellevue

*Bachelor of Science in Data Science – Bellevue University*

Relevant Coursework: Applied Data Analysis, Machine Learning Fundamentals, Databases, Data Visualization

Hands-on academic projects using Python, SQL, Power BI, and Tableau

## SKILLS

Programming & Data Tools: Python, SQL, Jupyter Notebook	<i>Skillful</i>	Data Cleaning & Preprocessing	<i>Experienced</i>
Data Analysis & Visualization: Power BI, Tableau, Microsoft Excel (Pivot Tables, Data Cleaning, Analysis)	<i>Skillful</i>	Microsoft Excel (Pivot Tables, Data Analysis)	<i>Expert</i>
Data Analysis & Visualization	<i>Skillful</i>	Jupyter Notebook	<i>Experienced</i>
		Analytical Thinking	<i>Expert</i>

Power BI ..... *Experienced*

Tableau ..... *Skillful*

Professional Skills: Team ..... *Expert*

Collaboration, Process Improvement,  
Training & Mentoring, Continuous  
Learning

LANGUAGES

English ..... *Highly proficient*

Highly Proficient | Arabic – Native ..... *Native speaker*

HOBBIES

- Technology and data exploration*
- Personal coding and analytics projects*
- Reading about innovation and financial technology*
- Team activities and skill development*
- Community and self-improvement activities*
